Elsewhere: I am here

An international collaborative project

This project is inspired on the writings of the Lin and Sun hexagrams from the I Ching: the Book of Changes. The I Ching exhorts a higher awareness of the duty of an artist: working, creating, diffusing, teaching, and being humble.

Four international artists (UK, Italy, and the USA), together with their Serbian collaborators, whom are from all walks of life, explore the possibilities which this dialogue creates and offers. It is journey towards finding a common language, whether it be looking at ideas of homeland, movement/migration, personal/public history, or language itself, which can be deepened through mutual growth and understanding.

It is a project that doesn't involve a full stop, but an opening of a phrase.
